Conservation Design Addendum Public Forum

The Land First Taskforce is hosting a public forum on Thursday, July 16th at 10:00 a.m. in Conference Room B of the McHenry County Administration Building, 667 Ware Road, Woodstock, IL, to solicit comments on the revised Conservation Design Addendum.

Conservation Design Standards and Procedures, originally adopted on February 19th, 2008, is an addendum to the 1991 McHenry County Subdivision Ordinance. The Addendum amends previously adopted regulations regarding the subdivision of land that contains or is adjacent to natural areas. In addition, these standards and procedures also help protect highly sensitive recharge areas and buffer natural resources by evaluating "land first" before development is designed and allowed to begin.

A thirty day review period for the Addendum will be initiated at the July 7th meeting of the McHenry County Board. The Addendum and supporting documentation will be brought before the full County Board at a night meeting on August 18th. To view the Addendum, please visit: <http://tinyurl.com/lwl6y5> or contact the McHenry County Planning and Development Office at (815)334-4560.

###

"McHenry County government is dedicated to providing the highest quality services for the health, safety, and welfare of the County's residents and communities. We foster representative and transparent government to ensure social, economic and environmental justice."
