

DEFINITION OF STATUS

Advisory - Both samples exceed the E coli advisory standard of 126 cfu (colony forming units) per 100 ml and resampled the following week **OR** one sample of a two sample set exceeds the E coli standard of 235 cfu per 100ml. Re-samples collected within 24 hour after confirmation of original sample.

Closed - Both samples exceed the E coli standard of 235 cfu per 100ml. Beach remains closed until 2 samples collected on the same day are below the 126 cfu per 100ml.
