Robert E. Ellsworth, Jr., CEM  
Assistant Director

October 11, 2012

Due to a conflict in schedules the second annual review of the McHenry County Natural Hazards Mitigation Plan will be on Friday, November 9, 2012 at 9:00 a.m. at:

McHenry County Administration Building  
667 Ware Road, Woodstock  
Meeting Room (A)

This plan was completed as a partnership among County, Municipal, Townships, and public safety entities within the county. Given the nature of the plan and the intent of the parties involved, an annual review is due. This review will primarily focus on mitigation progress and scheduling.

The McHenry County Hazard Mitigation Committee (comprised of the original jurisdictional partners) will determine if other mitigation issues or efforts, based on any natural hazard occurrences or input from communities or the public, should be added to the Plan. Information from this meeting will form the basis of the annual report to be submitted to the County Board by the chair of the McHenry County Hazard Mitigation Committee.
