

Fiscal Year 2009/2010 Budget Program Description

MENTAL HEALTH

Department Mission Statement:

To provide leadership and ensure the prevention and treatment of mental illness, developmental disabilities and chemical abuse by coordinating, developing and contracting for quality services for all citizens of McHenry County, Illinois.

Program Description (By OCA Code)	Customers Served	Mandated Service	Funding Source
<p><u>OCA: 251138</u></p> <p><u>AmeriCorps</u> -- Provides Community Service placements for older youth/young adults to provide tutoring, mentoring and life skills to special needs and at-risk children as well as other supportive roles in community organizations within the county.</p>	Youth at risk of emotional disorders and other populations with disabilities and special needs	DHS Agreement	Mental Health fund DHS/DMH
<p><u>OCA: 250038</u></p> <p><u>Family Care Child Mental Health Initiative</u> -- Provides leadership for family driven/youth guided transformation of children's service with the inclusion of Family Resource Developers, expansion of Wraparound in schools and partnerships with all community stakeholders..</p>	Youth with a serious emotional disorder	Medicaid Rule 132 DHS Agreement	Mental Health Fund USSAMHSA DHS/DMH
<p><u>OCA:250008</u></p> <p><u>Engagement & Recovery</u> -- Provides outreach and support to individuals who have a severe mental illness and are not connected with services.</p>	Adults with a mental illness	Medicaid Rule 132 DCSF/DMH Agreement	County
<p><u>OCA: 251009/250035</u></p> <p><u>Child & Adolescent Outpatient</u> -- Provide comprehensive services including psychiatry to enhance the biological, psychological, and social functioning of youth and their families. Emphasis is first placed on treatment planning based on a thorough assessment of client needs. Services are then designed to be provided in the least restrictive environment possible, thus reducing incidences of separation of family members, hospitalization and residential treatment.</p>	Youth with a mental illness	Medicaid Rule 132	County
<p><u>Emergency Foster Care</u> -- Provides emergency placement services for youths experiencing emotional problems in private licensed foster homes. The service emphasis focuses on stabilization so family reunification can occur as soon as possible.</p>	Youth with a mental illness	DCFS Rules	County
<p><u>Health Clinic – Mental Health Outreach</u> -- Provides outreach, linkage and referral to social and behavioral health care services for very low income and uninsured individuals and their family members.</p>	Youth and family at risk of emotional disorders	Medicaid Rule 132	County
<p><u>Child & Adolescent Case Management (TBI)</u> -- Provides an array of services to youth who have a severe traumatic brain injury and their families with the primary goal being to increase the families' ability to successfully maintain their children in their home/school and prevent out of home placements to hospitals or residential treatment programs.</p>	Youth with TBI	DHS State Agreement	County/DHS

Program Description (By OCA Code)	Customers Served	Mandated Service	Funding Source
<p><u>Early Identification</u> -- This outreach program identifies infants and children who have, or are at risk of developing, a physical or mental disability and links them to appropriate services. Priority attention is given to infants whose birth situation may place them at high risk. These circumstances include, but are not limited to, children born to teenage mothers, those with a low birth weight and those born at home.</p>	Infants and young children at risk of disability	DHS/DD Rules	County
<p><u>Family Case Management and Counseling</u> -- Provides case management, service coordination and counseling for homeless women and their children.</p>	Homeless women & children with emotional disorders	Medicaid Rule 132	County
<p><u>Childhood Therapies</u> -- Provides comprehensive, coordinated early intervention services for infants and toddlers with developmental delays/medical risks and for their families.</p>	Children 0 – 3 yrs at risk or with disabilities	DHS/DDD Rules	County
<p><u>Adolescent and Young Adult Intensive Outpatient</u> -- Provides community outpatient treatment designed to arrest substance abuse and then to develop the motivation, emotional and behavioral skills and social supports (family, academic and peer) necessary to develop positive, functioning, responsible and drug and alcohol free adolescents and young adults.</p>	Substance abusing youth	DASA Rules	County
<p><u>Adolescent Substance Abuse Program</u> -- Provides intervention at an early stage of substance abuse to prevent illness from progressing, through a variety of therapeutic interventions such as: individual, group, family counseling; medical support; education; intervention and close consultation and communication with the school system.</p>	Substance abusing youth	DASA Rules	County
<p><u>Substance Abuse Outpatient</u> -- Provides assessment, individual, family and/or group therapies designed to enhance insight and promote successful recovery for those youth abusing or dependent on alcohol or other drugs.</p>	Substance abusing youth	DASA Rules	County
<p><u>Recreational Day Treatment</u> -- Provides structured community based therapeutic activities from June through August, for youth who have a severe disability (MI, DD or CD) as defined by DSM-III-R. The purpose of the program is to provide a variety of recreational activities that promote normal socialization, physical and emotional health, increased self-esteem, self-actualization and constructive use of leisure time.</p>	Children and Adolescents	None	County
<p><u>Transitional Living</u> -- Provides a structured living facility with an array of mental health services for veterans experiencing mental illness and/or chemical dependency.</p>	Adults with a mental illness	Medicaid Rule 132	County
<p><u>Community Support – Residential Programs</u> -- Provides supportive/supervised living arrangements for adults with a persistent and severe mental illness: including Transitional Living Facilities; Supervised Residential Group Homes; and Supported Apartments.</p>	Adults with a mental illness	Medicaid Rule 132	County
<p><u>Adult Outpatient</u> -- Provides to all McHenry County residents and their families suffering from emotional problems a comprehensive continuum of outpatient services including psychiatry to restore them to a productive, happier life and to improve their functioning levels.</p>	Adults with a mental illness	Medicaid Rule 132	County
<p><u>Community Support – Individual & Group (MI)</u> -- Provides service to adults who have a severe and chronic mental illness and have difficulty adhering to treatment recommendations without assistance and advocacy. Therefore, the focus of this program is to provide assertive outreach and service coordination via case management to enable the individuals to remain successfully in the community and prevent recurrent crisis and hospitalization.</p>	Adults with a mental illness	Medicaid Rule 132	County
<p><u>Outpatient</u> -- Provides a comprehensive continuum of services, including psychiatric care, to people with a mild or moderate emotional, behavioral, social or situational problem and are at risk of being hospitalized, and the goal is to restore them to effective functioning.</p>	Adults with a mental illness	Medicaid Rule 132	County

Program Description (By OCA Code)	Customers Served	Mandated Service	Funding Source
<u>Court Victims Assistance</u> -- Provides assistance to victims of domestic violence/sexual assault in creating safe environments.	Adult victims of abuse	None	County
<u>Psycho Social Rehabilitation – Clinic Focused</u> -- Provides intensive supportive treatment in a community based setting for individuals with an acute and/or persistent mental illness. The program intends to decrease inpatient hospitalization by continuing intensive treatment for patients being discharged from an inpatient facility.	Adults with a mental illness	Medicaid Rule 132 DHS/DMH	County
<u>In home Sustaining Care</u> -- Provides in home treatment and maintenance services to sustain the level of functioning of severely impaired chronic mentally ill individuals. Included in treatment/services are: case management, nursing support, medication monitoring and advocacy.	Adults with a mental illness	Medicaid Rule 132	County
<u>Partial Hospitalization</u> -- Provides intensive psychiatric treatment to adults with psychiatric and emotional disorders. The program provides an intensive, structured alternative to or transition from psychiatric hospitalization.	Adults with a mental illness	Medicaid Rule 132	County
<u>Trauma Based Mental Health Services</u> -- Provides treatment for the impact of sexual assault and domestic violence on individuals and families.	Adult survivor of abuse	Medicaid Rule 132	County
<u>Alternatives to Violence</u> -- Provides programming to re-educate perpetrators of violence within a group setting that stresses accountability, identifying violent behavior and holding perpetrators solely responsible for their abuse.	Adult perpetrators of abuse	Court mandated	County
<u>Adult Service Coordination</u> -- Assists individuals with developmental disabilities and their families in identifying and accessing appropriate community resources. Crisis intervention, screening, assessment and follow-up services are also provided.	Adult with a developmental disability	DHS/DDD	County
<u>Client and Family Support</u> -- Provides case management services to developmentally disabled individuals and their families. The program focuses on their needs with the recognition that these individuals are entitled to participate as fully as possible in the mainstream of community life.	Adult with a developmental disability	DHS/DDD	County
<u>Vocational Development</u> -- Provides Vocational Development, consultation and training services to eligible, adult developmentally disabled persons who are McHenry County residents.	Adult with a developmental disability	DHS/DDD	County
<u>Respite Care</u> -- Provides respite care for families of individuals (child or adult) who have a developmental disability with temporary relief from their daily care-taking responsibilities. The respite interval may be for a few hours, or as long as two weeks. For the most part, Respite usually occurs in the individual's own home.	Adult with a developmental disability	DHS/DDD	County
<u>Intensive Outpatient Program</u> -- Provides outpatient treatment for services for the primary treatment of chemically dependent adults age 18 and over and their affected family members, in a highly structured six-week process. In addition to providing treatment, the staff facilitates inpatient services such as detoxification or rehabilitation as indicated by individual client need.	Substance abusing adults	DASA	County
<u>Substance Abuse Outpatient</u> -- Provides services to individuals who are harmfully involved with the use/abuse of chemical intoxicants. It also serves family members and significant others who are affected by another's drinking or drug use.	Substance abusing adults	DASA	County
