Michael Hill
Public Health Administrator

The attached list is provided as a convenience in locating a **Licensed Well Driller** for residents in McHenry County. The McHenry County Department of Health does not certify the capabilities or recommend any of these drillers on this list.

The Department does recommend that you do the following when selecting a driller for a private water well:

- 1.) Pick out several drillers from the attached list to interview. Inquire as to the driller's experience in installation and sealing of water wells. Ask to talk to some of the driller's most recent clients. Inquire of their clients as to their experience with the driller.
- 2.) Discuss the fee for their service as well as the amount of time necessary to complete the job. Ask as to any limitations on telephone contact or availability of the driller.
- 3.) Select the most qualified driller of those you have interviewed, who meets your own needs.

Water Well and Pump Installation Contractors are licensed by the Illinois Department of Public Health at 525 West Jefferson Street, Springfield, Illinois 62761 and their phone number is 217-782-5830. Their webpage can be found at www.idph.state.il.us.
