✿ AGRITOURISM ✿

in McHenry County

Featuring an 850-foot-long zip line, a unique orb ride and the world's largest corn maze

The Richardson Adventure Farm

in Spring Grove is not your typical farm attraction. That said, you can still enjoy a good old-fashioned hayride and bring home a pumpkin in the fall or a Christmas tree in the winter. New to the farm this fall is a 30-horse carousel, a petting zoo with over 60 exotic animals, enhancements to the pig races, additional private campfire sites and more.

Stade's Farm & Market in McHenry dedicates 120 acres of its property to growing fresh fruits and vegetables to supply its farm markets. A favorite among families, its annual **Shades of Autumn** festival starting in September includes hayrides, pumpkin picking, and a small vegetable stand that sells seasonal vegetables and decorations.

Fun on the Farm

Grace Farm Studios

in Woodstock offers plenty to do and see all year round. From U-pick raspberries to luxurious handmade Icelandic woolens, Grace Farm is a unique destination for those who appreciate authentic local artistry and small-scale farming. The 1849 dairy barn was the first in McHenry County to display a barn quilt, which features a traditional crown of thorns pieced square in a traditional Amish color scheme.

Visit **McHenry County Historical Society's quilted barn trail**, which pairs more than 50 paintings of century-old quilt designs with something rapidly disappearing from the rural landscape: One-of-a-kind, historic barns. Find map at gothistory.org.

Whether you're out for a drive in the country, antiquing in Richmond and Hebron, apple picking at a nearby orchard, or just looking for some honest to goodness food, stop by **Patyk's Farm Market** in Richmond for great produce, farm-fresh eggs, homegrown vegetables, melons, flowers and more.
