PROGRAM OVERVIEW

This presentation will focus on the use of medication in treatment for individuals with mental health needs, covering the more common diagnoses and appropriate medications for each diagnosis, with a focus on new medications. Considerations for adults will be discussed. Diagnostic and therapeutic approaches for community clinicians will be included in the presentation.

PROGRAM OBJECTIVES

At the end of the presentation the participant will have gained the following knowledge:

1. Understanding of the use of medications in the treatment of mental health diagnoses,
2. Medication considerations when working with adults,
3. Tips for community clinicians providing therapeutic interventions in conjunction with medication,
4. Information regarding new medications and the effectiveness in treatment.

PRESENTER

Dr. Berkowitz is the Medical Director for Behavioral Health Services at Centegra Health System. He is a graduate of the Chicago Medical School and took residency in psychiatry from Emory University and Northwestern University School of Medicine. He is board certified in both General Psychiatry and Psychosomatic Medicine and is a Fellow of the Academy of Psychosomatic Medicine. Dr. Berkowitz has a special interest in working with patients with co-existing medical problems. In addition to his work at Centegra he also hosts medical students from his alma mater for their psychiatry clerkship rotations.
