All attendees will receive a certificate of attendance

**Registration is limited to 75 participants and is due by July 29, 2016**

### PROGRAM OVERVIEW

Dr Feld will engage the audience with an update and discussion on psychiatric medication for children and adolescents. Utilizing medication combinations that work for a variety of ages including short, medium, and long acting medications will also be reviewed.

### PROGRAM OBJECTIVES

At the end of the presentation the participant will have gained the following knowledge:

- Knowledge of new psychiatric medications for children and adolescents
- Recognize benefits, side effects, and medication combinations
- Identify short, medium, and long acting medications

### PRESENTER

Michael Feld, M.D. is a Child, Adolescent and General Psychiatrist and has a private practice in Northbrook, IL in which he provides psychopharmacology, psychotherapy and parent training. Dr. Feld has a subspecialty in treating ADHD of all ages. In addition he consults at Misericordia North Residential Facility for developmentally disabled clients, The Bridge Youth and Family Services, and Barrington Youth Services. Dr. Feld also has a Clinical Director position at AMITA Health Alexian Brothers Behavioral Health Hospital for which he speaks throughout the Chicagoland area on various Child and Adolescent Psychiatry topics for conferences, professionals and/or parents. Dr. Michael Feld is a national expert in ADHD and speaks nationally to primary care physicians and groups on the most effective approaches to ADHD intervention.

### TARGET AUDIENCE

Clinicians, case managers, social workers, and other mental health professionals
