Nondedicated Subdivision Roads

October 17, 2016

Highway Systems Manager
Illinois Department of Transportation
Division of Highways
Bureau of Local Roads and Streets
2300 South Dirksen Parkway
Springfield, IL 62764

Dear Highway Systems Manager:

McHenry County desires to have several Nondedicated Subdivision Roads taken into its jurisdiction to become part of the County Highway system. To that end, the County Board approved certain roads by resolution. The resolution has been attached for your reference; listing those roads accompanied by location maps. In accordance with Highway Jurisdiction Guidelines for Highway and Street Systems, the Highway Systems Manager is the clearinghouse for all jurisdiction issues.

There are over 50 miles of Nondedicated Subdivision Roads in McHenry County. The attached resolution states the County's desire to take in 23 miles (approximate) initially into its jurisdiction. McHenry County is seeking the Illinois Department of Transportation's (IDOT) approval for a majority (listing attached) of these initial 23 miles of roads to become part of the County Highway system as it has been determined that they have prescriptive right-of-way. A future request will be forthcoming once a review of the remaining roads, with respect to their right-of-way status, has been completed.

It is understood that this is not a typical jurisdictional transfer between two governmental agencies as these Nondedicated Subdivision Roads are privately owned and platted prior to June of 1959. As such, if you need additional information or any other requirements need to be fulfilled, please feel free to contact me directly or Director of Transportation/County Engineer Joe Korpalski at 815-334-4964.

Sincerely,

A handwritten signature in black ink, appearing to read "Joseph Gottemoller". The signature is written in a cursive style with a large initial "J" and "G".

Joseph Gottemoller, Chairman
McHenry County Board
