ALL OF THE FOLLOWING INFORMATION MUST BE SUBMITTED: (Check off as done)	
<input type="checkbox"/>	Provide a permanent index number (PIN) for the proposed location.
<input type="checkbox"/>	Provide an authorization letter signed by the property owner if proposed location is not owned by you.
<input type="checkbox"/>	Clearly indicate on the site map the proposed disposal area, total possible usable acres, and access. Exclude acreage that has wet soils (less than 4') or slopes greater than 5%. The Department has the ability to provide you with a site map with soils upon request.
<input type="checkbox"/>	Provide soil samples and nitrogen data for relevant crop grown on the land. Soil samples should be approximately one (1) foot in depth at a frequency of one (1) boring per 2.5 acres.
<input type="checkbox"/>	Provide anticipated method of disposal and volumes of domestic septage to be land applied. Provide wastewater disposal agreement with a sewage treatment facility and/or other contingencies for the disposal of domestic human waste during frozen and wet weather conditions and for the disposal of holding tank waste and/or portable toilet waste. METHOD OF LAND DISPOSAL: (Check Only One) <ul style="list-style-type: none"> <input type="checkbox"/> Surface application with lime stabilization (pH or higher for at least 30 minutes) <input type="checkbox"/> Incorporation after surface application (within 6 hours, plow/disc) <input type="checkbox"/> Subsurface injection
<input type="checkbox"/>	Ensure all water wells are not within 300 feet from septage management site boundaries.
<input type="checkbox"/>	Ensure surface waters (i.e. ponds, lakes, streams, etc.) are not within 200 feet from septage management site boundaries.
<input type="checkbox"/>	Ensure residential, commercial, or industrial areas are not within 500 feet from septage management site boundaries.
<input type="checkbox"/>	Ensure public roads are not within 100 feet from septage management site boundaries.
<input type="checkbox"/>	Is septage management site within the boundaries of a municipality? If yes, then attach documentation verifying you have provided written notification to the municipality's corporate authority.

No domestic septage may be land applied in McHenry County without an approved McHenry County Septage Management Site permit. The Department is available to assist you during the evaluation process.

Applicant hereby states that the information in this form is complete and accurate. Hereto that he/she is familiar with the requirements of the McHenry County Code of Ordinances Article IV, the Illinois Private Sewage Disposal Licensing Act and Code, and the 40 CFR Part 503 Federal Regulations and will operate in compliance with said provisions at all times.
