

Before Starting the Project Listings for the CoC Priority Listing

The FY 2017 CoC Consolidated Application requires TWO submissions. Both this Project Priority Listing AND the CoC Application MUST be submitted prior to the CoC Program Competition deadline as required by the FY 2017 CoC Program Competition NOFA.

The FY 2017 CoC Priority Listing includes the following:

- Reallocation forms – must be fully completed if the CoC is reallocating eligible renewal projects to create new projects as described in the FY 2017 CoC Program Competition NOFA.
- New Project Listing – lists all new project applications created through reallocation and the permanent housing bonus that have been approved and ranked or rejected by the CoC.
- Renewal Project Listing – lists all eligible renewal project applications that have been approved and ranked or rejected by the CoC.
- UFA Costs Project Listing – applicable and only visible for Collaborative Applicants that were designated as a Unified Funding Agency (UFA) during the FY 2017 CoC Program Registration process. Only 1 UFA Costs project application is permitted and can only be submitted by the Collaborative Applicant.
- CoC Planning Project Listing – Only 1 CoC planning project is permitted per CoC and can only be submitted by the Collaborative Applicant.
- HUD-2991, Certification of Consistency with the Consolidated Plan – Collaborative Applicants must attach an accurately completed, signed, and dated HUD-2991.

Things to Remember:

- All new and renewal projects must be approved and ranked or rejected on the Project Listings.
- Collaborative Applicants are responsible for ensuring all project applications are accurately appearing on the Project Listings and there are no project applications missing from one or more Project Listings.
- If a project application(s) is rejected by the CoC, the Collaborative Applicant must notify the affected project applicant(s) no later than 15 days before the CoC Program Competition application deadline outside of e-snaps and include the reason for rejection.
- For each project application rejected by the CoC the Collaborative Applicant must select the reason for the rejection from the dropdown provided.
- If the Collaborative Applicant needs to amend a project application for any reason after ranking has been completed, the ranking of other projects will not be affected; however, the Collaborative Applicant MUST ensure the amended project is returned to the applicable Project Listing AND re-rank the project application BEFORE submitting the CoC Priority Listing to HUD in e-snaps.

4. Reallocation - Grant(s) Reduced

CoCs that are reallocating eligible renewal project funds to create a new project application – as detailed in the FY 2017 CoC Program Competition NOFA – may do so by reducing one or more expiring eligible renewal projects. CoCs that are reducing eligible renewal projects entirely must identify those projects on this form.

4. Reallocation - Grant(s) Reduced Details

Instructions:

For guidance on completing this form, please reference the FY 2017 CoC Priority Listing Detailed Instructions. Submit technical question to the e-snaps HUD Exchange Ask A Question (AAQ) at <https://www.hudexchange.info/get-assistance/>.

4-1. Complete the fields below for each eligible renewal grant that is being reduced during the FY 2017 reallocation process. Collaborative Applicants should refer to the final HUD-approved FY 2017 Grant Inventory Worksheet to ensure all information entered here is accurate.

Reduced Project Name: Collaborative Rapid Rehousing for DV Survivors
Grant Number of Reduced Project: IL0646L5T001600
Reduced Project Current Annual Renewal Amount: \$14,062
Amount Retained for Project: \$1,390
Amount available for New Project(s): \$12,672
(This amount will auto-calculate by selecting "Save" button)

4-2. Describe how the CoC determined that this project should be reduced and include the date the project applicant was notified of the reduction. (limit 750 characters)

The CoC is going from two to four agencies recommended for Rapid Rehousing, either through a TH-RRH Project or a PH-RRH project. The CoC felt as though this first time renewal could be reduced to a small amount that could be spent quickly and can allow for focus on a larger award this same agency has. The CoC and project applicant may request that the two RRH grants be merged together but wanted to allow for continuity of both, something that would not happen if the two were merged to create one new award in the competition (i.e. funding gap that could occur while waiting on a new contract and challenges with rental assistance this scenario). The CoC considers renewing both to be the best decision for DV Survivors to remain safe. Applicant notified 08/31/17 and 09/11/17.

4. Reallocation - Grant(s) Reduced Details

Instructions:

For guidance on completing this form, please reference the FY 2017 CoC Priority Listing Detailed Instructions. Submit technical question to the e-snaps HUD Exchange Ask A Question (AAQ) at <https://www.hudexchange.info/get-assistance/>.

4-1. Complete the fields below for each eligible renewal grant that is being reduced during the FY 2017 reallocation process. Collaborative Applicants should refer to the final HUD-approved FY 2017 Grant Inventory Worksheet to ensure all information entered here is accurate.

Reduced Project Name: Jackson Lawndale GH
Grant Number of Reduced Project: IL0001L5T001609
Reduced Project Current Annual Renewal Amount: \$212,350
Amount Retained for Project: \$179,606
Amount available for New Project(s): \$32,744
(This amount will auto-calculate by selecting "Save" button)

4-2. Describe how the CoC determined that this project should be reduced and include the date the project applicant was notified of the reduction. (limit 750 characters)

This project was ranked 13th overall and was reduced due to the overall measures applied to ranking the projects for this competition. This included a financial capacity measure, a comparison of costs per bed, and the performance of the project. The reduction places the funding of the project more in line with similarly situated CoC projects and allows for reallocation to higher-performing or more promising scattered-site approaches. The applicant was notified on both 08/31/17 and on 09/11/17.

If there is a positive balance remaining, this means the amount of funds being eliminated or reduced are greater than the amount of funds request for the new reallocated project(s). If there is a negative balance remaining, this means that more funds are being requested for the new reallocated project(s) than have been reduced or eliminated from other eligible renewal projects.
