Additions & Clarifications to RFP/Bid

Question #1:	Please provide the capacity/number of seats you require for the above solicitation.
Response #1:	We are considering different capacity layouts at this time. The current bus layout is 4 bench seats with space for 4 wheelchairs. Please describe the various seating options / layouts possible.
Question #2:	In your RFP it asks that the "Bidder shall propose graphics and logo options and pricing." Does the County of McHenry or Valley HI have a current rendition of their graphics or logo that they would prefer? It is impossible to price graphics or logos without a rendition that includes the logo, colors or placement of the logos or lettering.
Response #2:	There is no current rendition or design in mind. The logo will be provided to the awardee to discuss style and design upon award and prior to finalization. Please quote the graphics options as is possible, ranges will be fine for initial consideration purposes.
Question #3:	In your RFP it asks that the "Bidder shall describe trade-in options for current vehicle". Is there a trade? If so what is the make and model and when and where can we see the trade?
Response #3:	The County will not be looking for a trade-in option. Please disregard that portion of the RFP.
