July 30, 2018

ADDENDUM #1

**RFQ #18-56 Traffic Counts
due August 9, 2018 by 2:00PM (CST)**

Additions & Clarifications to RFP/Bid

Question #1:	Is there any possibility that the County will provide Notice to Proceed before the October 22, 2018 date?
Response #1:	The earliest possible date is October 17, 2018.
Question #2:	Do all recounts deemed necessary by McHenry County need to be completed before the November 15, 2018 date of field work completion?
Response #2:	November 15, 2018 is the target date. Circumstances may require that counts go beyond this date.
Question #3:	For wider arterials such as Randall Road or Algonquin Road, would the McHenry County consider the use of other types of equipment such as Nu-Metrics magnetic lane Counters, assuming that the data can be supplied in similar Excel and PDF format to the International Road Dynamics (IRD) Counters?
Response #3:	No other counters can be substituted.
Question #4:	Would International Road Dynamics Ace counters be allowed on two-lane road locations to provide equivalent information to the TRS Model Counters?
Response #4:	TRS counters only.
Question #5:	Can McHenry County provide a sample of the Microsoft Excel Format and PDF Formats to be required for the count submittals during the RFQ phase?
Response #5:	No. Report formats will be discussed at the start of the project with the contracted Consultant.
Question #6:	Do all references need to be from Governmental Agencies, or can other consulting firms who have contracted for similar size traffic count jobs be used as a reference?
Response #6:	References from Consulting Firms are acceptable.

**ALL OTHER TERMS AND CONDITIONS OF THE RFP
REMAIN THE SAME.**
