

## McHenry County Mental Health Board FY19 Funded Agencies and Programs

The McHenry County Mental Health Board (MHB) is a special purpose unit of government regulated through the Community Mental Health Act. The Community Mental Health Act authorizes the levy of an annual tax and empowers the MHB to administer the levy through the direction of a nine-member board of community representatives appointed by the County Board.

For County Fiscal Year 2019, the MCMHB has allocated \$9,933,780 in local funds supporting MHB network services and activities including 30 agencies offering a continuum of 70+ services, programs and projects providing prevention, treatment, and recovery support for McHenry County residents.

**Twenty Second Judicial Circuit Court..... \$198,358**  
<https://www.mchenrycountyil.gov/county-government/courts/22nd-judicial-circuit/office-of-special-projects>

The Twenty Second Judicial Circuit Special Courts Programs assist adults with mental illness, substance abuse/dependence, and co-occurring disorders who are involved in the criminal justice system.

- **Specialty Courts Programs (Mental Health & Drug Court)** services are provided with an interdisciplinary team approach including circuit judge, prosecutor, defense attorney, law enforcement officer, probation officers and treatment professionals. Services include comprehensive behavioral health and physical health assessments, service plan development, engagement and support, consultation and compliance monitoring.

**Alexian Brothers Behavioral Health Hospital ..... \$123,000**  
<https://www.amitahealth.org/services/behavioral-medicine>

Amita Behavioral Health Medicine Institute provides personalized, compassionate care for the entire spectrum of behavioral disorders, from depression and anxiety to post-traumatic stress disorder (PTSD) and substance abuse. They are committed to making excellent care available in our communities for a wide range of conditions and diverse groups of patients.

- **Youth Partial Hospitalization and Intensive Outpatient Program** is a partnership with Horizons Behavioral Health for Psychiatry services for adolescents ages 12-18. Services include: Group therapy-skills based, Expressive Therapy, School, Spirituality, Family Therapy, Clinical outcomes collected, Remote telehealth assessments, and streamlined access to specialty services as needed.

**Association for Individual Development (AID) ..... \$515,550**  
<https://www.aidcares.org/>

Association for Individual Development (AID) provides services to individuals who have developmental, physical and/or mental disabilities, those who have suffered a trauma, or those at risk.

- **Psychiatric and Tele-Health Services** featuring Nursing, Scheduler/Transcriptionist and Tele-Health services works as part of a multi-disciplinary team to provide holistic and comprehensive medical and counseling services to individuals with mental and behavioral health challenges. This holistic approach, leveraging best practices and evidence based treatment, is a proven method for assisting clients in achieving overall wellness so that a client can engage with social and community supports, improve overall functioning and remain productive.

## McHenry County Mental Health Board FY19 Funded Agencies and Programs

- **Behavioral Health Supported Living Services** program offers intense, customized coordination services focused on homeless prevention, treatment, support and recovery; providing integrated primary and behavioral healthcare, psychiatric services, and permanent supportive housing services to at-risk McHenry residents with mental and behavioral health challenges.
- **Behavioral Health Bilingual and Outpatient Services** Case managers and therapists provide customized services designed to promote mental wellness, recovery and prevent psychiatric hospitalization, institutionalization, incarceration and homelessness for individuals with mental and behavioral health challenges who reside in McHenry County.
- **Law Enforcement Liaison Services** provides care coordination services to McHenry County residents who are law enforcement identified individuals who are believed to be at risk for future police intervention and/or in need of behavioral health intervention.

### **Aunt Martha's Health and Wellness, Inc..... \$523,750**

<https://www.auntmarthas.org/locations/woodstock-community-health-center/>

Aunt Martha's is one of the state's largest Federally Qualified Health Centers. Behavioral health services include adult, child, and adolescent psychiatry and therapy, individual counseling, and comprehensive diagnostic evaluation and treatment.

- **Psychiatric Services** Aunt Martha's has expanded its model of integrated care by bringing psychiatric care and behavioral health (BH) services into the primary care clinic setting by offering routine mental health screening and access to treatment to: promote early detection and improved management of treatment; reduce the stigma of treating mental health disorders and offer convenience to patients; promote adherence and strengthen monitoring of the treatment plan; and, build on the existing, ongoing PCP and patient relationship.

### **Behavioral Perspectives, Inc..... \$153,500**

<https://behavioralperspectiveaba.com/>

Behavioral Perspectives, Inc. is dedicated to providing quality, client-centered ABA programming. They believe top quality service starts with having a highly trained team and they're committed to the development of their entire staff. Each member of the team plays an integral role in ensuring your child reaches their maximum independence and improved quality of life. Services are offered in-home or at one of multiple clinics in the greater Chicagoland area, including Lake in the Hills.

- **Applied Behavioral Analysis** is a science devoted to the improvement of human behavior. In children with autism, behavior comes in the form of communication, actions, and thoughts. Services offered can help your child communicate effectively, acquire skills, and learn positive behaviors. ABA teaches valuable skills, including increased language, self care, independent play, and social skills - while simultaneously decreasing behaviors such as tantrum, aggression, or self-injury.

### **Clearbrook.....\$265,863**

<http://www.clearbrook.org/>

Clearbrook provides services, programs and support for children and adults with autism, Down syndrome, cerebral palsy and other intellectual/developmental disabilities as well as their families.

- **CHOICE Program** is innovative in offering participants "choices" in the areas of employment, volunteering, leisure activities and socializing in settings that utilize natural supports in the

## McHenry County Mental Health Board FY19 Funded Agencies and Programs

*community and through community partnerships. Families/participants also have a "choice" to participate in the program on a full or part time basis. The CHOICE program model includes a specifically developed personal exploration tool (PEP). As each participant enters the program they "discover" their interests and document them via the PEP. This is the foundation for the program's person centered model of service design and delivery.*

### **Community Health Partnership of Illinois..... \$58,366**

<http://www.chpofil.org/>

Community Health Partnership of Illinois provides comprehensive, integrated primary health care services targeting underserved, predominantly Latino rural populations, including migrant and seasonal farmworkers and families throughout northern and central Illinois.

- ***Breaking the Stigma: Mental Health for Our Community*** is an integrated, prevention-oriented behavioral health program targeting the Latino population in the Harvard Area Community Health Center service area. It will provide Spanish outreach therapy, community mental health outreach and education as well as care coordination and referrals for clients in need of medical, substance abuse and psychiatric services.

### **Consumer Credit Counseling Service of Northern Illinois, Inc. .... \$42,000**

<http://www.illinoiscccs.org/>

CCCS serves anyone in need of financial, credit or housing assistance. Services include: credit and debt counseling and education, Debt Management Programs which pay off unsecured debt at reduced interest and fees; Credit Report analysis; Bankruptcy counseling and education; housing counseling services.

- ***Mental Wellness Through Financial Counseling Services*** provides basic mental health screening, budget counseling, debt management programs to expunge unsecured debt, bankruptcy counseling and education and mortgage default and foreclosure prevention counseling. Clients are also counseled on the means to improve their credit. CCCS also provides pre-purchase and pre-rental counseling for homeless families.

### **Epilepsy Foundation of North Central Illinois, Iowa & Nebraska ..... \$565,033**

<http://epilepsyheartland.org/mchenry-county/>

The Epilepsy Foundation is a voluntary health agency dedicated to the welfare of people with epilepsy and their families. The organization works to ensure that people with seizures are able to participate in all life experiences; to improve how people with epilepsy are perceived, accepted and valued in society; and to promote research for a cure.

- ***Epilepsy/Brain Injury Services Program*** provides a unique care delivery model which uses intense case management/case coordination, mobile health (telemedicine) as well as direct (physical presence) Epileptologist visits to improve access to sub-specialty care for patients living in McHenry County with epilepsy and/or brain injury. This unique model of care combines four typically disconnected domains: medical, mental health, medication reconciliation and social services.
- ***Psychiatry Services Program*** patients receive medication management and/or therapy at each session. Outcomes and progress are discussed weekly with an epilepsy sub-specialist. Therapy interventions include: Project UPLIFT (Cognitive Behavioral Therapy), Family Therapy, Pediatric

## McHenry County Mental Health Board FY19 Funded Agencies and Programs

*Therapy, Counseling, etc. For school age patients a strong emphasis is put on integrating therapy with school staff. Our on-site nurse monitors medication refills and day-to-day medication management. Our psych program case manager schedules, triages and coordinates the care of each patient along with the mental health APN to ensure follow through with schedules and care plans.*

### **Family Health Partnership Clinic ..... \$76,000**

<http://hpclinic.org/>

The Family Health Partnership Clinic provides health care to those in our community who do not have health insurance of any kind. The Clinic has an integrated mental health component and provides brief therapy for patients who are facing mental health issues as well as physical health problems.

- **Therapist** treats individuals in need of behavioral health services and service delivery with appropriate mental health assessments, treatment plans along with short term mental health treatment. Services are conducted by a Spanish bilingual therapist who works closely with the physical health providers and nurses to help identify patients in need of behavioral health services.
- **Patient Navigator Program** provides basic mental health screening and links individuals in need of behavioral health and other critically needed services with the provider organization that can provide appropriate assessment and service delivery as indicated.

### **Greater Elgin Family Care Center (McHenry Community Health Center) ..... \$384,444**

<http://gefcc.org/locations/mchenry-community-health-center/>

GEFCC is a community health center that provides quality health care to all, including those who don't have the ability to pay.

- **Behavioral Health Integration** uses screening, brief intervention (including Behavioral Activation) and referral to treatment (SBIRT). The program is team-based with full integration between primary and behavioral health care including shared patient scheduling, shared treatment planning, and shared record keeping.
- **Psychiatry** provides patients age 15 years and older with Psychiatric Evaluations, Medication Education and Medication Monitoring.

### **Harvard Community Senior Center..... \$97,680**

<http://harvardseniorcenter.org/>

The Harvard Community Senior Center serves McHenry County seniors by providing evidence-based programs, services, and social activities at a pleasant, safe and welcoming gathering place and/or in the senior's home or other comfort setting.

- **PEARLS Program – Depression in the Elderly** includes active screening for depression, using a trained depression care manager, a team approach, stepped care, and built-in follow-up. A depression care manager (Pearls Counselor) delivers brief, evidence-based interventions over 19 weeks - in the senior's home or other comfort setting - and provides education and self-management support. The program is participant-driven and uses proactive outcome measurement & tracking.

## McHenry County Mental Health Board FY19 Funded Agencies and Programs

**Home of the Sparrow, Inc. .... \$220,000**
