

Scott Kuykendall, LEED AP BD+C

Scott Kuykendall is the Water Resources Specialist for the McHenry County Department of Planning and Development. He is responsible for overseeing the County's scientific studies on groundwater, helping to develop public policy relating to water resources, maintaining the County's compliance with Illinois Environmental Protection Agency NPDES Permitting, and conducting education and public outreach for the community. Prior to joining the County, Scott had over 20 years of water resources experience working as an environmental scientist and ecologist for firms that specialize in environmental engineering and ecology. Scott is a member of many organizations dedicated to water resources management, natural areas restoration, and sustainability. Scott earned a Bachelor of Science Degree in Geography from Southern Illinois University and a Graduate Certificate in Environmental Management and Sustainability from the Illinois Institute of Technology.
