

## McHenry County IT Director Tom Sullivan:

- **STIC - Illinois State Police (Statewide Terrorism and Intelligence Center)**  
Daily emails with information regarding malware, attacks, breaches, and patch announcements  
Weekly threat landscape emails
- **Department of Homeland Security**  
Cyber hygiene reports focusing on external IP space
- **EDUCAUSE - <https://library.educause.edu/topics/cybersecurity>**  
The Higher Education Information Security Council (HEISC) supports higher education institutions as they improve information security governance, compliance, data protection, and privacy programs.
- **Readiness and Emergency Management for Schools – <http://rems.ed.gov>**  
The U.S. Department of Education's Office of Safe and Supportive Schools has administered the REMS TA Center to serve two critical functions to support a safe and supportive learning environment for children, faculty, staff, and others. We build the preparedness capacity (including prevention, protection, mitigation, response, and recovery efforts) of schools, school districts, and institutions of higher education (IHEs), and their community partners at the local, state, and Federal levels. We also serve as the primary source of information dissemination for schools, school districts, and IHEs for emergencies via the REMS TA Center Website.
