

INTERNET JOB SEEKER SERIES

By
Bruce A. Bennett

Start with a Resume and Finish with an Interview

Monday, September 9, 9am - 12pm

This presentation will showcase resume styles and the elements that go into building your resume. Every job application requires unique skills, and this session will show you how to improve your resume to match the jobs to which you are applying. Additionally, we will discuss cover letters and learn about ideas to include. Applying online can be tricky and we will identify many of the do's and don'ts for applying to a company website. The latter part of the session will help you prepare for a winning interview. It covers an in-depth overview of the interview process. We will learn the best approaches from the initial phone screen to the face to face meeting with the hiring manager. Attendees will hear great answers to several basic questions, including the dreaded "Tell Me about Yourself."

LinkedIn for Your Job Search

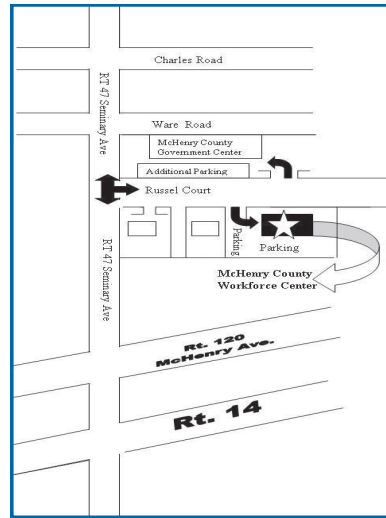

Monday, September 23, 9am—12pm

This workshop helps you understand and navigate your way through LinkedIn. A vast majority of companies are using LinkedIn as a recruiting tool. Topics covered include learning the many elements of your profile, populating your work experience history and understanding why a profile is more than just a resume. You will be able to identify the different features available on LinkedIn and where to focus your attention. Learn how to successfully build your network of connections and the use search tool filters that LinkedIn offers. Discover how to search for relevant LinkedIn Groups, Companies, and people. We will delve into creating a job search agent on LinkedIn and explore job applications on LinkedIn. Please bring your resume on a flash drive or have it available online.

NOTE: Attendees must already have a LinkedIn Profile.

A webinar to learn how to create your LinkedIn account and start building your profile is available on our website at www.mchenrycountyworkforce.com
