Job Information**Job Title:**

Quality Control Inspector

Job Description:

Quality Control Inspector
2nd Shift; 3pm-1am
Spring Grove, IL

QC Inspector Responsibilities:

- Actively participate in the departmental and company 6S process. Work areas and inspection equipment to be kept clean, neat, and orderly at all times.
- Verify stampings and markings conform to shop order requirements.
- Review shop order and production drawings to determine appropriate inspection technique and inspection parameters.
- Prepare print of non-conforming material indicating a description and location of non-conformance.

- Prepare request for deviation and non-conformance reports for material out of specifications. Distribute as required to Sales and non-complying departments
- Measure in-process and final product dimensions against shop orders and drawings. Verify diameters and lengths against specifications using various hand, mechanical, or electronic measuring instruments.
- Input all test results and final inspection results into computer. Sign shop order to confirm inspection and test operations have been completed.
- Verify all operations specified on the shop order have been completed and signed.
- Inspect and evaluate products on customer premises or at Scot Forge for customers or customer's representatives.
- Provide layout instructions on shop prints based upon required sizes/lengths.
- Prepare any required inspection records/documentation including dimensional reports and customer provided documentation of inspection.
- Participation in required documented procedure training as required by position and or assignment of supervisor.

QC Inspector Qualifications:

- High School Diploma or GED required
- Minimum one year CMM Programming and Operation preferred
- Knowledge in Metrology preferred
- Knowledge in GD&T preferred

Scot Forge Certification Required (will provide on-the-job training):

- Niton Certification
- Brinell Certification(s)
- Final Inspection Certification

Benefits:

We have grown to become a leader in the open-die forging industry by rewarding our most valuable resource... the employee-owners. Below includes a sample of our benefits:
