THE CHICAGO COMMUNITY TRUST

Dear McHenry County Nonprofits,

As an alliance of McHenry County agencies, McHenry County Mental Health Board, The Community Foundation for McHenry County and United Way of Greater McHenry County, are connecting with the McHenry County Department of Health to provide information and resources as may be needed to assist agencies working on the frontlines of the coronavirus outbreak in McHenry County. We will be sending out emails as information is made available.

As a nonprofit who works with the county's vulnerable populations you may be impacted by COVID-19. We want to hear about your concerns and needs. Please contact this alliance at connect@thecfmc.org.

Sincerely,

Scott Block
