Additions & Clarifications to RFP

Question 1:

What day of the week are you currently having the work done, and does that day work for you or would you prefer different one?

Response:

Currently we see landscaping occurring Wednesdays and Thursdays depending on the location. These days work for us, but we are not limited to these days. Saturdays would be fine at the Government Center, but not at Valley Hi because of visitors. **We would like the days to be consistent to the extent weather allows for it, and we are willing to consider alternate days.**
