HON. KEVIN G. COSTELLO (COURTROOM 204),
HON. THOMAS A. MEYER (COURTROOM 201), AND

With the activation of the Circuit's Pandemic Continuity of Operations Plan, the Judges assigned to the Civil Division of the Circuit have conferred to arrive at various preferences for the handling of cases in their courtrooms through the end of April, including the following:

- (A) Parties should endeavor to set and re-set matters at the Michael J. Sullivan Judicial Center after April.
- (B) Jury trials should be continued past April and later into the year.
- (C) Parties should confer to continue all hearings for status or otherwise past April, and should email proposed orders to proposedorders@22ndcircuit.illinoiscourts.gov as soon as possible and preferably by 4 p.m. on the second court day prior to the respective setting. Proposed orders must be signed by all sides in the case or by an attorney with a representation that presentation of the proposed order involves an agreement of the parties.
- (D) Parties should participate in pending cases at the Michael J. Sullivan Judicial Center remotely through CourtCall (courtcall.com / 888-882-6878) to the extent possible and feasible.
- (E) Requests for default judgments will likely result in a continuance past April or a default finding with prove-up after April.

Each Judge reserves the right to deviate from these preferences or implement such other preferences as their respective cases warrant. True emergencies will continue to be handled as needed.
