ARP ESSER Use of Funds Plan: The funds through ARP ESSER have restrictions and requirements. There are 3 main areas that must be met with these funds. These areas are learning loss, summer enrichment, and after school. To impact our Evergreen Academy Safe School students and ALOP (alternative learning program) the most, the following has been planned for use of salaries \$8292. \$560 will be used for supplies and materials. Please submit public comments to Diana Hartmann, Ed. S., McHenry County Regional Office Superintendent at dkhartmann@mchenrycountyil.gov.
