

# Strategic Plan Report Card

# March 2026

## LEADERSHIP AND GOVERNANCE

- The County Board will review an Ordinance establishing a Film, Video and Photo Production Permit Policy. By instituting a permit requirement, the County will have the ability to assess the potential impact this activity may have and ensure the costs to public services are offset and the disruption to private property can be addressed.
- Representatives from McHenry County Government and the McHenry County Council of Governments attended the National Association of Counties Legislative Conference in Washington, DC to share our priorities and needs with our representatives in Congress.
- McHenry County Sheriff Robb Tadelman recently traveled to Springfield to meet with legislators and highlight the innovative work the McHenry County Sheriff's Office is doing through its collaborative, multi-jurisdictional Police Social Work Program. House Bill 1329 adds our Sheriff's Office to the state-funded Co-Responder Pilot Program, ensuring our existing Police Social Work Program is recognized under the state's model.

## ORGANIZATIONAL ADVANCEMENT

- The County Board will vote on a resolution to eliminate the Senior Community Development Specialist position and restructure the Community Development Specialist position to delegate responsibilities, promote professional development, and ensure an efficient organization.

## ECONOMIC AND WORKFORCE DEVELOPMENT

- McHenry County Government joined Northpointe Development Corporation, the Housing Opportunity Development Corporation, and the City of McHenry to officially cut the ribbon for Taylor Place Apartments and further expand workforce housing in McHenry County. McHenry County Board voted to award this project \$800,000 from its Advance McHenry County program.

## HEALTH AND SOCIAL SERVICES

- The McHenry County Veterans Assistance Commission convened a veterans' Mental Health Summit at the County Administration Building, bringing people and agencies together to talk about what they do and how to share resources to help our veterans. Our VAC was joined by McHenry County Court Services, the Captain James A. Lovell Federal Health Care Center (FHCC), Veterans Path to Hope, NAMI McHenry County, and the McHenry County Sheriff's Office Police Social Work Program.

## QUALITY INFRASTRUCTURE

- The County Board will vote on a resolution approving an intergovernmental agreement with the Village of Algonquin for construction and maintenance of a remote salt storage facility. The remote facility will enable McHenry County Division of Transportation to enhance the level of service delivery available to residents in the southeast portion of the County.
